

The Russell Newbery Register was started in 1994 as an owners/enthusiasts club to promote a valuable piece of Britain's industrial and canal heritage. We are promoting Russell Newbery engines by: -

1. Establishing the number of Russell Newbery owners/users
2. Offering technical help and advice to members
3. Acting as a contact forum/talking shop for members
4. Issuing Newsletter quarterly to members
5. Publishing articles about the history of individual Russell Newbery engines
6. Publishing articles about the history of Russell Newbery & Co Ltd and their engines
7. Staging an annual Members' Rally
8. Supplying merchandise e.g. badges, mugs, sweatshirts etc.
9. Supporting R N Diesel Engine Company

Our associate company R N Diesel Engine Company can provide spares, new engines and rebuilds. Register members receive a discretionary 10% discount on spares in current production for the 'D' series engines.'
